# Welcome to Eroticon

## **Welcome to Eroticon 2017! Two days of workshops, talks and demos to inspire you in your own erotic creative work.**

Whether you're an erotic writer looking to get published, a blogger looking to build revenue, an educator ready to share your work, or a budding creative just looking for your niche, we hope you'll find something at Eroticon to inspire you.

Eroticon was founded in 2012 by the incredible Ruby Kiddell - for five years she meticulously planned and hosted the event, bringing together sex bloggers, writers and educators from all over the world. After five years of success, this year Ruby passed the torch to us - and we hope we've kept the flame burning brightly!

Our priority as organisers this year was to make sure as many people could attend as possible, so we owe a huge debt of gratitude to our fantastic company sponsors, as well as individuals who have donated to the ticket pool. Your generosity and support of the erotic community means so much.

We're also indebted to our amazing speakers, who have given us a conference schedule so packed with exciting things it's been a nightmare trying to fit it all in this programme!

And to our attendees: you make this event what it is. Eroticon isn't just about listening to other people, it's about everyone sharing their knowledge and ideas, making connections, and supporting each other.

So we hope you enjoy Eroticon 2017! Tweet (#Eroticon) and blog about it, learn, have fun, and above all remember that you make it possible. We're a community, and every single one of you is a valuable part of it.

Girl on the Net, Molly Moore, Michael Knight

## REINVENTING PLEASURE

Hot Octopuss is an award-winning British company changing the way sex toys are perceived. We sit at the cutting edge of sex toy design, creating next generation toys for individuals and couples, which are designed to fit in with people's lifestyles, not just their bedrooms.

The first product from Hot Octopuss, PULSE – AKA the 'Guybrator' - launched in 2013, its oscillating PulsePlate described by one reviewer as providing 'an orgasm that seems to last til next Tuesday'. The latest upgrade, PULSE III SO-LO and DUO, launched in 2016 to across-the-board rave reviews.

In 2017 Hot Octopuss launch Queen Bee, bringing the medically-based patented technology and sleek design of PULSE to people with pussies. And that's just the start, with several more new toys in the pipeline for the year. It's going to be an exciting one!

Hot Octopuss is proud to sponsor Eroticon to show its support and appreciation for all the sex bloggers and erotica writers who have encouraged and given useful feedback to us since the very beginning. Our ongoing #SexNotStigma campaign was inspired by this sex positive community.

# Saturday Night Social

## Saturday night!

What better way to unwind after an exciting day at Eroticon than an evening of entertainment and conversation? We'll have comedy from the fantastic Chris Coltrane and Ros Ballinger, and burlesque from the incredible Rubyyy Jones.

## Venue: Star of Kings pub, near Kings Cross St Pancras Station

Get there: It's two stops south on the Northern Line (Bank branch), or bus number 241 to Kings Cross, or a 30 minute walk from Arlington House.

The show starts at **8:00PM** but you can be there as early as **6:30PM** - the pub serves a selection of food as well as drinks so you can get dinner there before the show if you like.

Be sure to **bring your Eroticon badge** (you don't have to wear it, you just need to flash it to be admitted to our reserved area).
