GOTN's Great Shit

ON THE TRAIN

Girl on the net | April 22, 2012

One of the most difficult fears to overcome is the fear of being weird. That's partly why I write this stuff – I want people to read it and say “Oh, she does that as well. Perhaps I'm not abnormal after all.”

But far greater than that is my need for people to tell *me* that it's OK. That I'm not odd. *That they do this sometimes too.*

Here's a story about wanking on the train

There's one train journey I take that makes me uncontrollably horny. Why? I have no idea. Trains and buses are arousing anyway – the rhythmic movement, the fact that you can't get off until you reach your destination, that there are so many men around – these are all things that contribute to a general feeling of arousal.

But one train journey in particular is worse than others. I don't know why. All I know is that from the minute I sit down I get a churning, growing lust in the pit of my stomach. Everyone on the train, attractive or not, is filled with sexual potential.

The harassed-looking parents looking after their children? I could follow the father when he goes to the toilet, and relieve his stress by sucking the spunk out of him – quickly and silently, while he forces his dick into my mouth with an anger born of shame.

The ticket inspector? OK, he's old – but *dirty* old – the sort who might take me into the guard room, pull my knickers down, bend me over his knee and beat me because I haven't paid the right fare.

That guy sitting opposite with the piercings and tattoos could be up for some playful fucking – forcing me up against the wall in the sordid train toilet and pulling out a nice, thick, pierced dick to shove deep inside me. He'd fuck me from behind – a practical fuck with no speaking. As I run through the scenario I can almost hear the sound of skin slapping skin, and his muffled grunts as he comes, before zipping up and getting off at the next stop.

I should be ashamed of myself

I have no idea what it is about this particular train journey that sets my thoughts on such things and if I'm honest, I think it's weird. It's shameful.

I try to read books, to tweet, to take my mind off the dull ache and the yearning to have someone fuck me – to use me. My cunt twitches and throbs as I think about it, and I feel utterly disgusted with myself.

Wanking on the train: I can't be the only one...

A story about wanking on the train

There's one train journey I take that makes me uncontrollably horny. Why? I have no idea. Trains and buses are arousing anyway – the rhythmic movement, the fact that you can't get off until you reach your destination, that there are so many men around – these are all things that contribute to a general feeling of arousal.

But one train journey in particular is worse than others. I don't know why. All I know is that from the minute I sit down I get a churning, growing lust in the pit of my stomach. Everyone on the train, attractive or not, is filled with sexual potential. And the journey is long enough that there's no reason to resist wanking on the train, in the toilet behind a locked door.

The harassed-looking parents looking after their children? I could follow the father when he goes to the toilet, and relieve his stress by sucking the spunk out of him – quickly and silently, while he forces his dick into my mouth with an anger born of shame.

The ticket inspector? OK, he's old – but dirty old – the sort who might take me into the guard room, pull my [knickers](#) down, bend me over his knee and beat me because I haven't paid the right fare.

That guy sitting opposite with the piercings and [tattoos](#) could be up for some playful fucking – forcing me up against the wall in the sordid train toilet and pulling out a nice, thick, pierced dick to shove deep inside me. He'd fuck me from behind – a practical fuck with no speaking. As I run through the scenario I can almost hear the sound of skin slapping skin, and his muffled grunts as he comes, before zipping up and getting off at the next stop.

Should I be ashamed of myself?

I have no idea what it is about this particular train journey that sets my thoughts on such things and if I'm honest, I think it's weird. It's shameful.

I try to read [books](#), to tweet, to take my mind off the dull ache and the yearning to have someone fuck me – to use me. My cunt twitches and throbs as I think about it, and I feel utterly disgusted with myself.

Optimising the past

On number 14

September 22, 2011

[Boys I've had](#)

Number 14 wears leather gloves. When we go out for dinner – we always go out for dinner – he makes a show of taking them off and putting them on the table beside him. He's calm. I've never heard him raise his voice, or get agitated, or even visibly excited. Number 14 is the domliest dom I know, and I've never had sex with him.

Why is he on the list? I don't usually include people I haven't actually fucked, but the things he's done deserve more credit than the catch-all title 'play.' Play can be anything from a quick spanking at a party to a full-blown throat-fucking in a dark alley. The latter, I think, deserves a bit more credit.

He likes to find places that are private but public. Hidden nooks and doorways where he can press me into the wall and order me not to make a sound. It's incredible what a pair of leather gloves and a calm demeanour can do to stop me from making the noises I'd usually revel in.

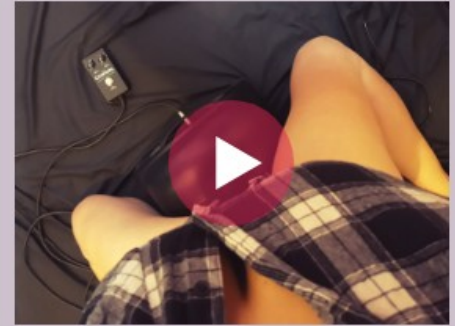

On what is about to happen

School role play: waiting for punishment

Fucking in secret, fucking in the dark

The Cowgirl: relentlessly fucked by a machine

Halloween erotica: Truly, madly, deeply

The edge of orgasm: I need words to tip me over

Wanking on the train: I can't be the only one...

The first spanking I ever had

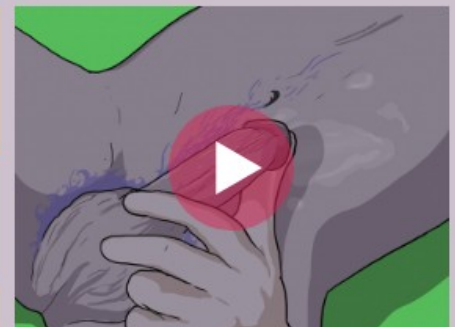

By the time my coffee is cold, he'll have fucked her

Spanking: sometimes only a good, hard spanking will do

Revenge fuck: I'll see you again when I'm dripping with diamonds

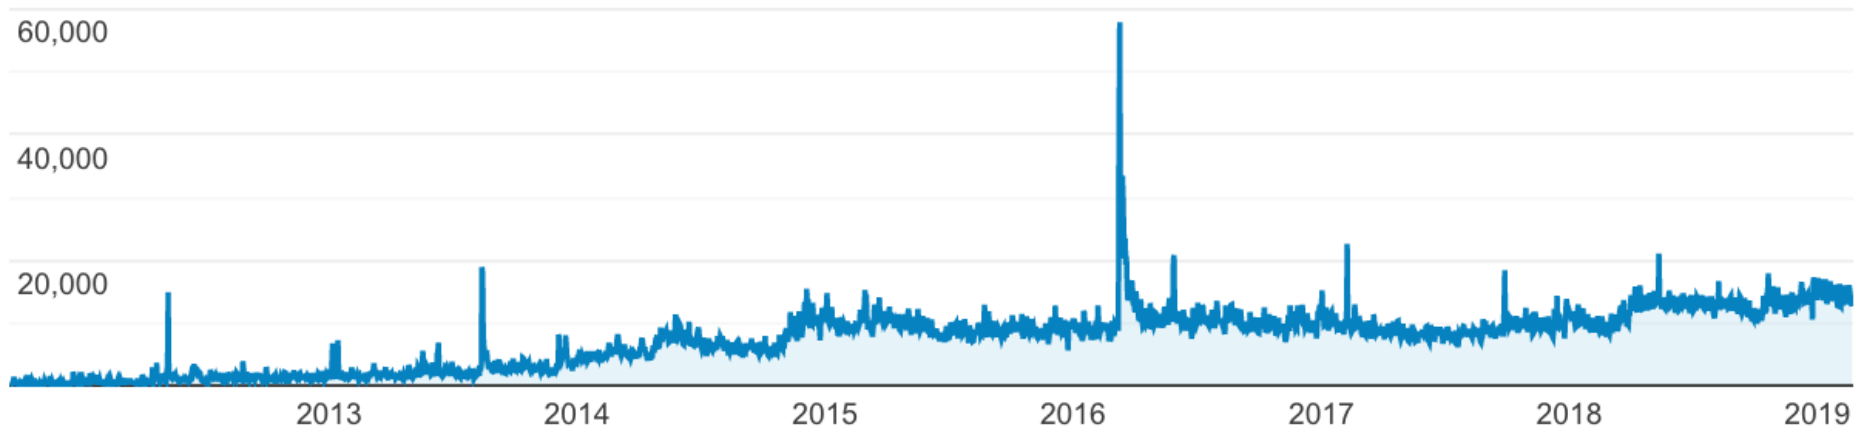

Fucking in the heatwave, and trying to 'be more domme'
